## New Mission - CEG Member Church of the year 2024

### Theme: Do more in 2024!

**Our Mission:** To provide programs and projects that will result in the enhancement of Family and individual lives for members of Madisonville and surrounding communities in Mind, Body and Spirit.

## Adopt A School: The Good News Club

Ethel Carter has shined a beautiful light on the “Good News Program.” Our young children will be our movers and shakers tomorrow. The Adopt a school program is about educating, evangelizing, and reaching the hearts of children ages 6-12. It is a wonderful way to reach out to the community through the hearts of the children within the schools. Last year was a year of growth, transition, and progress. Adopting a school program opens the doors to a gateway of learning about Jesus.

Sister Carter says, “with a spirit of pride and joy that her team takes the children through the bible learning about different patriots.” They are given the steps of knowing how to be saved. Two accepted Christ during the last school year.

Not only has it encouraged a joyful spirit into the lives of the children. You can hear the children’s voices in the playground singing happily. The program has opened the hearts of children and encouraged a positive mindset regarding academics. It has improved upon their behavior when it comes to academics which also includes social development and relationship building. Finally, the team is sure that the children are having conversations about what they have learned in the class.

## **“Reach and Teach” Feeding Program: The Ministry is meeting the changing needs of our community.**

Through the Reach & Teach Feeding Program, we provide hot meals as part of our out-reach to the community. Providing meals opens the door to building trust in our services. The services we offer includes teaching soft skills that will open the door to personal growth and opportunity. The Reach and Teach program broadens the horizon of our community. We use the format to build cohesive business relationships that will continue to create opportunity for growth and development for everyone.

## Financial Stewardship Program (FSP)/LIFT Program/ Safe and Clean Program.

The Financial Stewardship Program (FSP) is the flagship program of Madisonville Mission Ministries (MMM). *Elaine Harper served as the Program Coordinator until she transitioned from work to reword on April 6, 2025. She committed herself to the program providing services needed to support our three Financial Coaches.* Our Financial Coaches work daily with participants to make sure their SMART goals are met. This program is currently supported by United Way of Greater Cincinnati and the City of Cincinnati to provide knowledge and skills to the general public, to LIFT participants of twenty two (22) LIFT Partners and our Youth Training Program as part of our Safe and Clean Program supported by the City of Cincinnati.

## **Our home is our refuge!**

Our home is a place of encouragement, comfort and understanding. A home is a place to relax and enjoy life. We care about those that struggle with needs for home repairs.

Last year the Safe and Clean Project had the opportunity to make a difference by doing restorative work within the homes of those in need within the community. There is nothing more affirming than seeing the transformation after the work is done. . The heart felt gratitude and appreciation shown at the end of the project makes it worth it.. The Ministry along with the City strives to give back hope, encour-

## Mr. Devoe Sherman, Program Director—Youth and Young Adult Services

**“Money Moves Camp”**: Mr. Sherman was challenge in a dream to engage our youth in a Camp where they were to create and build their vision of a city. During the month of July 2025, the dream became a reality. Faced with many challenges Mr. Sherman launch and completed his vision engaging 23 Youth,

attending a tree day camp each week. Their project was to create and build their vision of a city. The project was a challenge between the boys and girls which was judged based on number of criteria. This turned out to be an excellent challenge and was was revealed during an outing in Danial Drake park.

## The Youth Training component of our Safe and Clean Project:

Youth receiving CPR Training as part of their training for the Safe and Clean Program

The Financial Stewardship Program has empowered individuals to have a vision for their future, to develop self-discipline and establish a plan that will encourage continual growth for life.
